BALKAN CRISIS ACUTE

Czar Demands Open Break With
Teutonic Powers.

London, Oct. 4.—The crisis in the Balkan situation has been reached. Russia's ultimatum to Bulgaria has gone forth. King Ferdinand's government, it says, must openly break off relations with the central powers and dismiss the German and Austrian officers now with its army or the Russian minister and consuls will be withdrawn from Bulgaria.

The note sent by Russia to Bulgaria, as outlined semi-officially, sets forth that the presence of German and Austrian officers in Bulgaria, the concentration of troops on the Serbian border and the acceptance of financial support by Bulgaria from the Teutonic allies leave no doubt as to the object of Bulgaria's military preparations and declares that Russia therefore cannot sanction by the presence in that country of her minister "preparations for fratricidal aggression against a Slav and allied people."

While the Bulgarian premier is reported in a semi-official statement as saying that Bulgaria is not threatening any of her neighbors and still hopes for a pacific settlement "which will take her interests into account," an Athens dispatch reports that the quadruple entente powers have withdrawn their proffered concessions of Macedonian territory to Bulgaria, and that an Anglo-French expedition is about to be landed at Saloniki, with the approval of Greece.

It is reported from Italy that the chief of the Italian general staff has conferred with the Italian cabinet ministers with reference to a possible Italian expedition to the Balkans, sufficient troops for which are now concentrated at Brindisi.

Fighting on Western Front

On the western front from the North sea to the Vosges mountains there have been artillery bombardments, infantry attacks, fighting by means of bombs and grenades and aerial raids by both sides.

The only claims of a capture of territory is made by Paris, which asserts that in Artois the French have taken a German blockhouse and entrenchments to the south of the Givenchy wood. Berlin acknowledges the loss of a few yards of trenches to the French near Neuville, but declares that a British attack north of Loos was repulsed with heavy casualties and that the French offensive east of Souchez and in Champagne were beaten back.

Allied aeroplanes have bombarded the station, railroad bridge and military buildings at Luxembourg. Berlin says the French dirigible airship Alcege has been forced to make a landing near Rethel and that its crew was captured by the Germans.

Along the eastern front the Germans and Austrians still claim that they are making progress against the Russians, but no great engagements have occurred anywhere in this region.

Switzerland has ordered the assembling of several squadrons of cavalry, which will be stationed along the German frontier.

MAY VOTE FOR SUFFRAGE

President Will Cast Ballot in New Jersey Oct. 19.

Washington, Oct. 4.—President Wilson will make known soon his position on the subject of woman suffrage. His friends say that he will give his support to the reform as a state question. Mr. Wilson will vote at Princeton, N. J., on Oct. 19 on the proposed amendment to the state constitution providing for equal suffrage. About the same time he will issue a statement giving his views on the subject. In discussing suffrage the president will make it clear that he has not modified his conviction that the national movement is wrong in principle and that women should seek the right to vote through the medium of the states.

Bulgar Strength Is 350,000.

London, Oct. 4.—An Athens dispatch to the Exchange Telegraph company says it is learned from Sofia that Bulgarian mobilization has been completed. The strength of the Bulgarian troops is estimated at 350,000. The artillery regiments have been sent to the Serbian frontier.

PRINCE RUPPRECHT.

Bavarian Commander
Confident of Success.

London, Oct. 4.—Crown Prince Rupprecht of Bavaria, commander of the German forces in Belgium and the western sectors of the French front, has issued the following statement, according to dispatches from the front:

"Present attacks against our lines are the strongest delivered since the beginning of the war. The allies may have had small successes and captured part of our positions, but we have taken some back.

"The bravery of our troops is beyond praise. It makes me look into the future without fear.

"If the allies want to try again, let them."

ALLOWS BULGARIA
TWENTY-FOUR HOURSText of Russian Ultimatum to
Balkan Kingdom.

Petrograd, Oct. 4.—A semi-official news agency gives the following note which the minister at Sofia has been ordered to hand to M. Radoslavoff, the Bulgarian premier:

"The events which are taking place in Bulgaria at this moment give evidence of a definite decision of King Ferdinand's government to place the fate of its country in the hands of Germany.

"The presence of German and Austrian officers at the ministry of war and of the staff of the army, the concentration of troops in the zone bordering Serbia and the extensive financial support accepted from our enemies by the Sofia cabinet no longer leave any doubt as to the object of the military preparations of Bulgaria.

"At the heart of the entente, who have at heart the realization of the aspirations of the Bulgarian people, have on many occasions warned M. Radoslavoff that any hostile act against Serbia would be considered as directed against themselves. The assurances given by the head of the Bulgarian cabinet in reply to these warnings are contradicted by the facts.

"The representative of Russia, which is bound to Bulgaria by the imperishable memory of her liberation from the Turkish yoke, cannot sanction by his presence preparations for fratricidal aggression against a Slav and allied people. The Russian minister, therefore, has received orders to leave Bulgaria with all the staffs of the legation and consulate if the Bulgarian government does not within twenty-four hours openly break with the enemies of the Slav cause and of Russia, and does not at once proceed to send away officers belonging to armies of states which are at war with the powers of the entente."

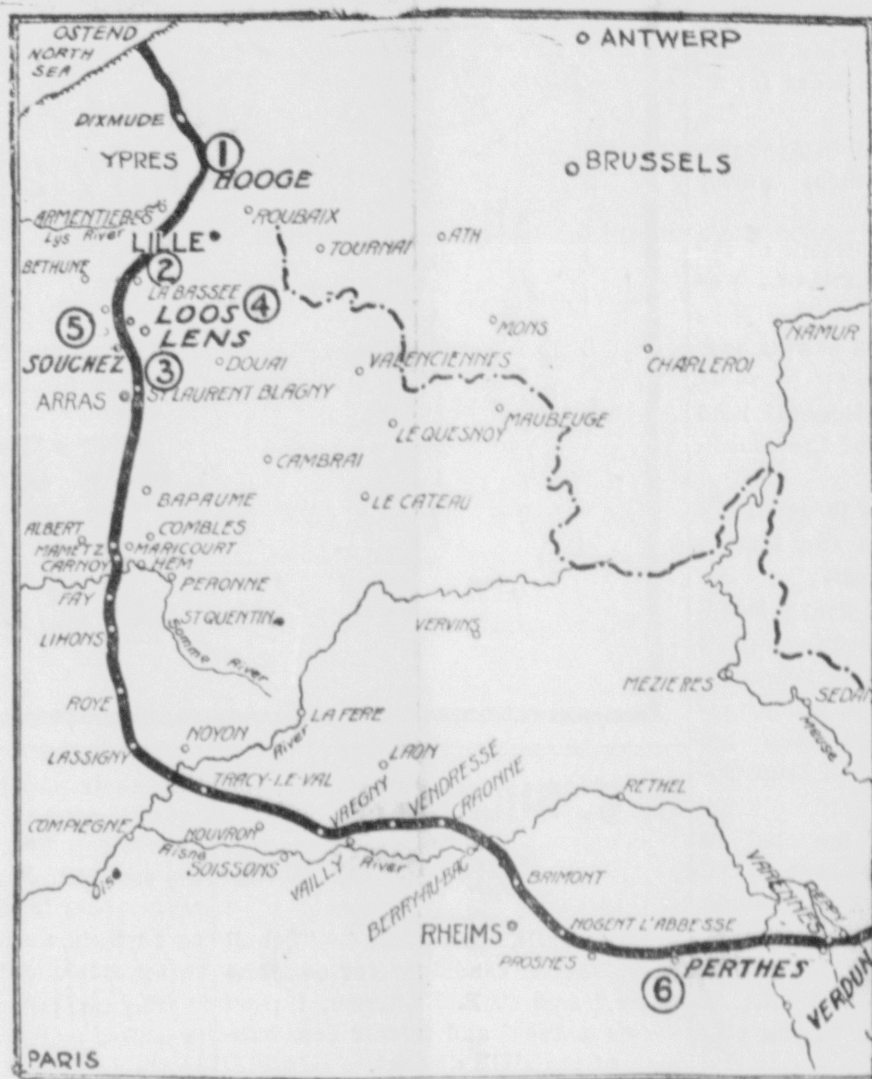

SCORE INJURED IN WRECK

Passenger Train on Rock Island Runs Into Freight.

Peoria, Ill., Oct. 4.—More than a score of persons were injured, eight seriously, in a head on collision between a fast freight and a passenger train of the Rock Island near Rome, twenty miles north of here.

The freight train is said to have been running on the passenger train's time and was trying to make a siding. The wreck occurred at a sharp curve. Both engines and many freight cars were wrecked. The steel coaches were little damaged.

Map of Allies' Drive on Western Front

1. Hooze, the northern limit of the British attack.
2. Here the British captured five miles of trenches.
3. The British capture of Hill 70.

4. Loos, captured by the British, is about twelve miles from Lille, the most important city of Northern France held by the Germans.

5. Souchez, after months of fighting, now entirely in French hands.
6. Perthes, middle of the Champagne line, along which the French captured fifteen miles of trenches.

ANOTHER NATION EXPECTS TO
ENTER THE WAR TOMORROW

(By United Press)

London, Oct. 4.—Russia is expected to declare war upon Bulgaria tomorrow, precipitating the thirteenth power into the war. The ultimatum expires at eight this morning, central United States time, and four this afternoon, Petrograd time. Arrangements have been made to turn over the Russian interests at Sofia to a neutral legation. Greece's entry on the side of the allies is expected but will probably be delayed for several days. Rumania's course is doubtful, but Berlin claims it will remain neutral. It is believed Bulgaria plans to send three-fifths of its strength against Serbia, and two-fifths against Greece.

BULGARIA WANTS MACEDONIA

(By United Press)

London, Oct. 4.—The Bulgarian Prime Minister Radoslavoff, in an exclusive statement cabled to the United Press said that the obstinate refusal of Serbia and Greece to recognize Bulgaria's rights in Macedonia has forced the mobilization decree. All the great powers conceded the legitimacy of Bulgaria's claims to Macedonian territory. He said Bulgaria had no aggressive intentions, but planned to revise its legitimate claims, and furthermore was prepared to resort to arms if necessary to attain this object.

MACKENSEN WILL MAKE
CONSTANTINOPLE DRIVE

(By United Press)

Bucharest, Oct. 4.—Field Marshal Mackensen and two hundred and fifty thousand troops that have been withdrawn from the Russian front, arrived on the Serbian frontier. Mackensen will direct the Austro-German march to Constantinople, said the newspaper Pocha. The Austro-Germans have two thousand guns of all calibres.

GOVERNMENT DENIES RUMOR

(By United Press)

Sofia, Oct. 4.—The government has issued an official denial following rumors that German officers had arrived in Bulgaria to participate in the administration and command the army, that Premier Radoslavoff declared Bulgaria would receive ten million monthly from the Germans after the war, that numerous arrests of political leaders on account of being opposed to Bulgaria's present course and because of street demonstrations that the cabinet was not fully supported by the people.

FRENCH MAKE GAIN

(By United Press)

Berlin, Oct. 4.—It is officially admitted that the French yesterday gained a firm footing in the German trench on the hill north-west of Givenchy. All other allied attacks were repulsed, and the Germans gained against the British near Loos and against the French near Vimy.

AVIATORS SHOT DOWN

(By United Press)

Amsterdam, Oct. 4.—Six allied aviators bombarded the German naval base at Zee Brugges on Sunday. One aviator was shot down and another was forced to land near Neuville, Holland. The damage done has not been ascertained.

URGES TARIFF COMMISSION

George W. Perkins Writes to Secretary Redfield.

New York, Oct. 4.—An open letter from George W. Perkins, chairman of the National Progressive party, to William C. Redfield, secretary of commerce, bearing on the problem of how to prevent the United States from becoming a dumping ground for goods of European manufacture when the war is over, was made public here.

Mr. Perkins criticizes Secretary Redfield's proposal to instruct American consular agents in Europe not to sign manifests for shipments likely to be sold in this country at such a low price as to affect American manufacturers unfavorably. Mr. Perkins says: "There is only one efficient, safe and honorable way to protect our American industries, with equal fairness to our people and the people of Europe, and that is through the establishment of a permanent, expert nonpartisan tariff commission."

CAVALRY PATROL
BATTLES MEXICANSBandits Fire on Soldiers and
Running Fight Follows.

Brownsville, Tex., Oct. 4.—The United States cavalry patrol and a half dozen Mexicans had a running fight near La Feria, about thirty miles up the Rio Grande from here. The Mexicans tried to ambush the Americans but failed. There were no known casualties.

The Mexicans opened fire at short range when the cavalrymen suddenly came upon them around a curve in the road. Lieutenant John A. Considine of the Sixth cavalry slipped from his horse, leading his men into the roadside, where they advanced on the Mexicans at a run. The Mexicans ran into the brush, the Americans firing in the direction of the noise.

UNABLE TO REGAIN GROUND

Berlin Says Repeated British Attacks Were Repulsed.

Berlin, Oct. 4.—Repeated attempts by the British during the night to recapture territory lost north of Loos failed completely, with very heavy losses, according to an official statement issued at the war office. The loss to the French of a small section of trenches east of Neuville in a night engagement is added. The airship Alcege has been brought down in the Rethel district and the crew captured, the statement says.

The French aviators dropped bombs on the neutral city of Luxembourg, it is asserted.

GERMAN NOTE IS
DISAPPOINTINGFails to Satisfy Washington in
Arabic Case.

WILSON AND LANSING CONFER

Berlin is Understood to Admit Submarine Commander Made an Error in Sinking British Merchantman, but is Not Willing to Assume Liability for Loss of American Lives.

Washington, Oct. 4.—Germany has failed to satisfy the request of the United States that the sinking of the Arabic, with a loss of American lives, be disavowed and liability for the act assumed by the imperial government. This became known after a conference between President Wilson and Secretary Lansing at which the latter submitted a note given him by Count von Bernstorff, German ambassador.

No announcement was made after the White House conference, but it was learned later the German ambassador will be asked to come to Washington soon to receive the view which the American government takes of the note.

The situation has improved to the extent that there is no danger of an immediate break in diplomatic relations, but it was stated reliably that final refusal by Germany to meet the American viewpoint on the Arabic case might bring about the threatened rupture.

Concedes Commander Erred.

Just what the details are on which the two governments are in conflict is not definitely known. However, it was learned that Germany came to the conclusion that her submarine commander erred in assuming that the Arabic was intent on running the German submarine when steering to rescue the passengers on the British steamer Lusitania.

This admission of a mistake would amount to a disavowal of the act, but the United States has insisted that disavowal must be accompanied by an assumption of responsibility and liability and that full reparation must be given for American lives lost.

Germany in her first note indicated that even if the German commander made a mistake the imperial government would not feel obliged to pay damages, but was willing to submit to arbitration the question of whether the German commander did make an honest mistake.

In the next step the Washington government probably will indicate that the only matter it can submit to arbitration is the amount of the damages to be paid after the question of liability itself already is admitted.

BELGIANS ENTER PROTEST

They Assert Germany Violated Hague Conventions.

Washington, Oct. 4.—The Belgian minister has presented to the state department a memorandum from his government dealing with allegations that German authorities, in violation of The Hague conventions, have forced Belgian workmen to perform labor for the German army.

It alleges that in the early summer, when Belgian railway employees at Malines, Luttre and Sweveghem refused to perform services that would have released from the transportation service and made available for the trenches a whole German army corps, they were subjected to coercive measures which included starvation and cruel and inhuman punishments.

The statement details the penalties which, it is alleged, were inflicted upon the Belgians and declares that many now are in hospitals in Germany and others have been returned to Belgium in a broken condition.

In spite of the storm of Sunday
evening, a large audience was greet-
ed by Rev. J. A. Hultman of Worcester,
Mass., who has been called the
"Swedish Sankey" and is well worth
of that title, at his concert at Beth-
lehem Lutheran church.

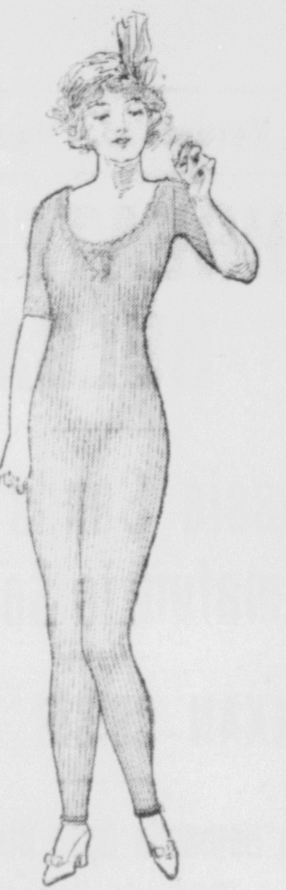

Rev. Hultman is the best known
gospel singer among the Scandinavi-
an people on the two continents. He
has sung his popular songs to multi-
tudes in America, Sweden, Norway,
Denmark and Finland. His voice is
a baritone of wide range.

Photograph records have been
made of his songs. He played a re-
cord of a song in Swedish and sang
in English with the phonograph. He
played another record of his songs
in tenor and sang baritone to his own
song. It is the first time in Brainerd
that any man was heard in a
duet with himself.

Johnnycake.
In tracing the term "Johnnycake,"
says a writer, we find ourselves at a
time antedating by many years steam
cars and hotels on wheels, in an age
when mankind depended entirely upon
his four footed companions for trans-
portation and had only saddlebags in
which to carry his luggage. Taverns
were few and far apart, and a lunch
was always acceptable. Communal,
forming so large a part of the dietary
in those days, held a chief place in
making up the lunch. Wet with water
and a little salt added, it was baked
in a shape that stored away in the
saddlebags nicely and was called jour-
neycake. This is the origin of our mod-
ern, unconventional Johnnycake.

INDIAN LID ON CUYUNA RANGE

Chief Special Agent Henry Larson
Notifies Range Towns that Lid
Applies October 10

BREWING AGENCY TO CLOSE

Believed the Action of Indian Bureau
will Result in Withdrawal of
Suit Against Spina Hotel

Notice has been received in Deerwood from Chief Special Deputy Indian Agent Henry Larson, stationed at Denver, Colorado, that the Indian lid would be clamped on all of the towns and villages of the Cuyuna range by next Sunday, October 10.

Saloons affected by this order will be two in Deerwood, and one each in Ironton, Riverton, Cuyuna and Mangane. This will make Crow Wing county dry.

It is believed the action of the Indian bureau will result in the withdrawal of the suit started by Attorney General Lydon A. Smith against the Peter Spina hotel at Ironton, which was to test its right to maintain a village licensed bar in Indian treaty territory.

It is reported the Fitzer brewing agency at Deerwood will close soon.

TO CLOSE HOTEL

Peter Spina, of Spina Hotel, Ironton, Has Bar Ordered Closed by Indian Agents Oct. 10

Peter Spina, owner of the Spina hotel at Ironton, while in Brainerd announced he would close the hotel Monday, Oct. 11. It was his bar, licensed by the village, which had been made the center of a test suit instituted by Attorney General Lydon A. Smith to ascertain the legality of licensing a saloon in Indian treaty territory.

Mr. Spina in company with other range town licensed saloonmen, has received notice from the Indian department to close Oct. 10. It is believed with his saloon extinct that the suit brought by Attorney General Smith will be dropped.

MUSICAL ART CLUB

Little Falls Club Hears David Patterson at Opening of the Season in its Town

Little Falls Transcript: If the opening meeting can be taken as a forerunner of the success of the club then the Musical Art club is assured of a most successful year. The audience that greeted David Patterson, lecturer, pianist and composer at the high school Friday evening was one of the largest that has yet attended a first meeting and was conspicuous for the number of men present.

In point of numbers the club is starting out admirably, having 200 adult and 62 student members.

Mr. Patterson, who gave the program, is a pianist with fluent technique and is a master of musical interpretation. His rendering of Chopin's music is especially fine, giving his hearers an insight into the innermost moods and fancies of that noted composer, whose originality, as Mr. Patterson remarked, shows its effect on all later music.

The stories of the different selections given as they were played added much to the interest and helped even a layman to listen with keener appreciation.

After the program, those present repaired to the gymnasium which had been tastefully decorated for the occasion, where an informal reception was held. Light refreshments were served throughout the evening. The reception committee who made this part of the evening such a great success consisted of Mesdames Bergheim, Kallher, L. D. Brown, Dobbyn and A. H. Vernon. They were assisted in serving by the younger girls of the student section.

LARGE CHORAL CLUB

Movement on Foot to Start Same in Little Falls with Miss Maude Girault Smalley Conductor

The Little Falls Transcript mentions news in the music world of its town and Miss Maude Girault Smalley, who has a studio in this city. The article states:

"A movement is on foot to start a large choral club of mixed voices in the city with Miss Maude Girault Smalley as conductor. At the Musical Art club Friday evening, Miss Smalley extended an invitation to everyone to join the club at its first meeting next Wednesday night at the high school. This is not to be merely local but similar clubs are to be started in Morris, Glenwood, Brainerd and possibly St. Cloud and the same selections are to be studied with the idea in view of a union in the spring in one great song-fest. All those interested in the matter are requested to be at the high school Wednesday evening, October 6.

MACCABEE ANNIVERSARY

Brainerd Hive No. 10, Ladies of Maccabees, to Celebrate Their 23rd Anniversary

Brainerd Hive No. 10, Ladies of the Maccabees, will celebrate their twenty-third anniversary on Tuesday evening, Oct. 5 at their new home in the Camel's Temple.

These anniversaries always prove a great event in the history of the order and the one of this year promises to surpass anything in the past.

The young ladies who have charge of the affair have provided an excellent musical program for the earlier part of the evening. Refreshments will be served and dancing will be the chief diversion of the evening. The best of music will be rendered.

A most cordial invitation is extended to the Sir Knights of the Maccabees, members of the Brainerd Hive and friends of both orders.

BOOST CROW WING COUNTY

Special Edition of the Daily and the Weekly Dispatch Setting forth the Resources of County

DISPATCH READERS CAN ASSIST

Dispatch Anxious to Receive Reports From Farmers of County Giving Crop Yields

Following the example of 500 other state papers, the Brainerd Dispatch will issue a Special Edition during the week of October 10th, which will be devoted to setting forth the resources and advantages of Minnesota in general and Crow Wing county with its agricultural and mineral resources in particular. The readers of the Dispatch and especially the farmers can materially assist in the production of this number.

Crop yields, success in raising livestock, in dairying, truck gardening, berry-raising, etc., there are reports from the farmers which will be given precedence in the special.

Secretaries from Farmers clubs are asked to send in reports of the activity of their clubs.

In order to make "Newspaper Week" in Minnesota successful it is also essential that copies of this edition should go to as many people not now residents of Minnesota as possible. Every reader of the Dispatch has friends or relatives living in other states who would be interested in receiving a copy of the paper. Send us their names and enclose 5 cents in stamps for each name and the Dispatch will mail them a copy.

Names and information must reach the Dispatch on or before Oct. 9. The Booster Special, as all specials of the Dispatch, accompanies Daily and Weekly Dispatch editions, thus giving news and advertising the widest publicity.

MINE-SAFETY CAR

The car contains a full complement of mine-rescue and resuscitation apparatus. The car will remain at Riverton, until October 9, during which period lectures will be given relating to the rescue work of the Bureau of Mines.

On October 11 the car will go to Eveleth, Minn., to remain until October 17. On October 18, the car will be at Bangor Mine, Gilbert, Minn., to remain until October 24, after which date it is to proceed to Elba mine, Gilbert, Minn., to remain until October 30. The headquarters of the car are in Ironwood, Minn.

DEERWOOD MUSICAL CLUB

Hold First Meeting and Practice Since Season Closed in Spring—Mrs. P. A. Gough Director

The Deerwood Musical club held their first meeting and practice since they closed the season last spring. Most of the old members responded to the roll call and several new ones were taken in. Several concerts are planned for the winter, and we predict a more successful season, even than last year for this organization. Mrs. P. A. Gough is again directing the club.—Deerwood Times.

REV. F. W. HILL NEW PASTOR HERE

Heads Methodist Church, Appointed By Bishop Joseph Berry at Minneapolis Conference

BRAINERD IS VERY FORTUNATE

Rev. Hill has had a Most Successful Pastorate at St. Cloud Where He was Six Years

Rev. F. W. Hill of St. Cloud was appointed pastor of the First Methodist Episcopal church of this city by Bishop Joseph Berry at the Northern Minnesota Methodist conference which was held in Wesley church Minneapolis and which closed last night.

The membership of the church feel particularly fortunate in securing Rev. Hill. He has had a most successful pastorate at St. Cloud where he has been for the last six years. The membership has been more than doubled during that period and the property value of the church increased from \$5,000 to \$26,000 and a sanctuary subscribed in addition to build a parsonage.

Rev. Hill is a graduate of Hamline University and of the theological department of Boston university.

The committee which conferred with the bishop and district superintendent relative to the appointment learned that Rev. Hill is a most excellent speaker, is what is described as a decided "live wire" and that he is particularly well received by the young people. Rev. Hill will arrive in the city this week and will preach his first sermon in Brainerd on Sunday next.

WORLD'S FASHION NEWS

Simplicity is the Key Note, We are Getting Farther Away From Everything Sensational

Fashions have been launched in a bewildering variety, and now the chief thing is to weed out from the confusing number those that will be worn by the fashionable woman this season.

Simplicity is the keynote, and we are getting farther and farther away from everything sensational, tending strongly to a return to the romantic days of the Louis and the grace and charm that is truly feminine. The indications of the preferred styles to be gleaned from the smartly dressed women, confirm the predictions of the short skirts, though the shortness is not exaggerated, and the favor of the high top boot, so high as to prevent even an inch of the stocking showing as the wind blows.

The Jersey suits are immensely popular, and for Florida and California beaches are sure to lead in style. They no longer have great resemblance to the old time sweater and are really coat suits, sometimes with standing, wired collars and trimmed with fur. Collars everywhere mount high, and coats are very full, sometimes full enough to wrap twice around the figure. Fur is used in great abundance, and beaver leads in favor. Muffs are quite small.

Linings play a very important part this season and are frequently of cloth of a contrasting color. A very striking example was seen in a coat of dark green peau de marmotte, with a most effective scarlet lining. Coats are of every length, and some are cut longer at the sides than at the front or back.

Velvet is highly in favor and the tones can be as vivid as individual taste desires, just so long as inartistic combinations of colors are avoided.

Trains are launched with short evening gowns, but are not quite the practical thing with dancing still in vogue.

Quantities of lace are used and beautiful brocades and metallic cloths. The evening gowns have every sort of décolleté, but it will not be good form to cut waists down to the back; the Empress Eugénie style, with shoulders showing is a new note and apt to be popular.—From T. W. Gossard Corset Co., courtesy H. F. Michael Co.

Pretty Wearing Apparel and Millinery on Display Tomorrow Night When Widows are Unveiled

The women of Brainerd who love to see pretty wearing apparel and millinery will delight in the formal opening the H. F. Michael company will hold this week. They begin their exhibition with a showing tomorrow night when music will be rendered by the Victrola and Mrs. Oswald Miller of Chicago will give a lecture upon scientific corset fitting.

The windows will be unveiled and those who have admired Mr. Beal's windows will again have the privilege of enjoying a most beautiful display.

There will be a display of exclusive millinery garments, waists, furs and other wearing apparel to delight the women.

THE FAKE SOLICITOR

Chamber of Commerce Bulletin Describes Investigation Committee to Pass on Case

What do you do when an unknown solicitor comes into your office and asks you to contribute to some charity?

Do you give unquestioningly, or on the bare report of the solicitor himself. If you do you are probably helping support one of the numerous fakes which prey upon the generosity of the busy business men and women all over the country. It is likely you are not only supporting a fraud and being victimized yourself, but you are making it harder for legitimate propositions to win support.

The Chamber of Commerce, through its Investigation Committee, aims to protect you and the community from just such pirates. Many have declared this one service worth many times the membership fee. It's up to you, Mr. Citizen, to either co-operate with the committee in the interest of worthy causes or to continue your contribution to unworthy causes.

Whether they be solicitors who live in town or out of town, DEMAND AN ENDORSEMENT CARD.

Quite a few members, however, have a mistaken idea that every lodge, club or organization in the city must obtain from the committee an endorsement card before venturing the sale of dance or supper tickets. By making reference to the membership card which is furnished each member, it will be seen that "No donation, subscription or advertisement will be given," etc., which implies that a dance or supper ticket is properly a receipt for money paid, which upon presentation, will entitle the holder to an evening's entertainment or a sumptuous supper which ever the case may be. It would appear that value received is offered in either case and that charity is not an issue.—Chamber of Commerce Bulletin.

"CREATION"

Wonderful Hand Colored Films Showing God's Power in Nature

"Creation," the wonderful drama, which is now playing to thousands of people in fourteen different countries, includes an inspiring exhibition of the planetary system in motion, the formation of the earth, creation of man and subsequent events to the flood in 2472 B. C. From the time of the flood, the drama traverses a marvelous panorama of events to the destruction of Jerusalem in 606 B. C. after which it vividly portrays the leading secular and religious events from David's time to the crucifixion of our Lord, on down through the dark ages to our present day and then forward for a thousand years into the future showing man's glorious Paradise restored. Oral descriptions are given of leading events.

The young ladies assure the public that this film is a wonderful event in the world of moving pictures and feel confident that it will be an education for all ages.

Part one will be especially interesting to children and will include five reels in the intermission which follows S. F. Alderman, Mrs. G. D. LaBar and Edwin Harris Bergh will render selections which will undoubtedly prove an added attraction.

As this is a ten reel feature, only one performance will be given, and there will be no reserved seats, consequently one should not forget that this drama is shown at 7:30 sharp.

Wet and Dry Contest
in Minneapolis

Minneapolis, Minn., Oct. 4.—When the voters of Minneapolis approached the polls today to decide whether or not Hennepin county which contains Minneapolis would oust the saloons, they were not only deciding that issue, but they were deciding whether or not state wide prohibition shall become an issue at the next sessions of the Minnesota legislature.

The election was quiet during the early hours. It was estimated that over 50,000 of the 65,000 voters of Hennepin county would cast their vote before the polls closed at 9 p. m. Following one of the most bitter fights probably ever waged over a local option campaign the voters were quiet in approaching the polls to decide the issue.

Prominent men who have used newspaper and bill board display to tell both sides of the issue, were quiet today as to the probable outcome of the campaign. Monster parades Saturday night and monster church meetings yesterday wound up an energetic campaign. Hissing and jeering of the dries in their parade was the extent of the looked for demonstration at the parade Saturday night.

The dry forces alleging that dirty work was to be used early today issued a statement that \$200 would be paid for the arrest and conviction of any person fraudulently using the polls.

SECOND WEEK OF ALLIES WESTERN OFFENSIVE

By J. W. T. Mason, for United Press

The second week of the allies western offensive begins today with both sides seeking a respite. The early intensity of the British and French efforts have died down and the Germans are making only feeble counter attacks. This fact of quick exhaustion strikingly differs the present conflict, from the battle of Flanders. An interval of about a year separates the two offensives. During that time trench warfare has been improved and elaborated far beyond its methods when the Germans seized Ostend and attempted to advance on Dunkirk and Galais.

During the battle of Flanders, the conflict raged back and forward with continued intensity. Positions were won and lost repeatedly. It was possible to follow up assaults. The defending troops as well as the offensive armies fought largely in the open or at least were able to use only hastily constructed trenches, but slightly protected barriers.

The present contests in Artois and Champagne show none of these characteristics. The defending positions have been strengthened and reinforced as the result of continued experiments extending over a year. The lines of barriers in particular are far stronger than used during the battle of Flanders and above all, immense numbers of machine guns are now in possession of the contenders. This has been demonstrated in the present operations along the western front, in the same way that the battle of Flanders was fought. There must be frequent pauses under existing conditions while artillery of the offensive army tries to uproot new obstacles, planted by the enemy. Continuous attacking has been impossible. A series of assaults is the only method of procedure not suicidal and this means the defending troops are given periods of rest.

The week's fighting in Artois and Champagne has demonstrated, in fact, that siege warfare is the only method open to the allies. A serious breach must be made in the only enemy's lines by the besiegers before any major advantages can be secured. Such a procedure has been shown to be enormously difficult, because the enemy has many parallel defense, each of which must be captured before the breach is completed.

READY FOR MIMIC WARFARE ALLIES PLAN NEW LANDING

Uncle Sam's Big Fighting Ships to Undergo Extensive Test.

Norfolk, Va., Oct. 3.—Fourteen of the United States' greatest fighting ships are at anchor at Hampton Roads, coaling and provisioning preparatory to participation in the most extensive war game ever attempted by the navy. The war game will begin at midnight Oct. 5 and will continue fifteen days.

The fleet will be divided into two parts. One will be known as the invaders and the other as the defenders. The invaders will attempt to elude the defenders so as to gain entrance to an American port.

The ships will be strewn out along the coast from Florida to the coast of Maine. The battleship Wyoming will be flagship of the invading forces.

TWO ARMED MEN
HOLD UP TRAIN

Force Conductor to Pass Hat in Observation Car.

JUMP OFF NEAR MINNEAPOLIS

Masked Bandits Board St. Paul Road Olympian Train From the Coast at Glencoe, Minn., Fire Many Shots to Frighten Passengers and Escape With \$237.75.

Minneapolis, Oct. 4.—Two masked and armed men boarded the St. Paul road Olympian train from the coast at Glencoe, held up and robbed the men in the observation car and, after compelling the train to stop a half mile west of Hopkins, made their escape, sending back a hail of bullets at the train.

Their shots were answered by a hunter, H. Johnson of Minneapolis, who fired three charges of bird shot at them and thinks he wounded one. The men obtained \$237.75.

Two hours after the robbery a posse headed by St. Paul road detectives was on the trail of the outlaws.

The robbers were on the train about forty-five minutes. In that time one of them kept up a running fire of conversation with his victims and punctuated his remarks with shots from his pistol.

The train was leaving Glencoe when Conductor W. F. McGuire saw one of the men enter at the front end of the car.

The outlaw shot twice, close to the conductor, and then ordered every one to hold up his hands.

Meanwhile the second man scrambled aboard over the railing at the rear of the car.

He shot out one window, fired bullets close to two or three men and created a reign of terror in the car.

The man at the front of the car first ordered the conductor to walk forward.

As they reached the platform between the observation car and the Pullman car some one in the Pullman slammed shut the door. The outlaw then drove the conductor back to the observation car.

"Pass the hat," he ordered, firing another bullet over Conductor McGuire's head, "but don't let the women contribute."

When one man hesitated the outlaw who was directing the work ordered him to hurry and sent a bullet crashing through a window close to him.

NINE MEN RESCUED ALIVE

Miners Had Been Imprisoned Since Last Monday.

Lansford, Pa., Oct. 4.—Nine mine workers entombed at noon last Monday in the Foster Creek tunnel of the Lehigh Coal and Navigation company at Coaldale have been taken out alive. They were found on top of a chute in which they had crawled to escape a flood of water that broke from an abandoned working and caused more than 300 feet of gangway roof to fall, shutting off escape.

The men are in the hospital at Coaldale and reports hold promise that all will recover.

The rescue was accomplished after 200 mine workers and company officials had dug out more than 300 feet of solid rock, coal and timbers that had been wedged into the gangway.

SHERIFF APPEALS FOR AID

Small Detail of Militia Sent to Clifton, Ariz.

Phoenix, Ariz., Oct. 4.—Adjutant General C. W. Harris and an expeditionary force of forty-eight state militiamen are en route to Clifton, Ariz., where copper miners are on strike. Unless order is restored at once, it is said, the entire Arizona militia will be ordered to the strike district.

In asking Governor Hunt to assume charge of the situation Sheriff Cash said that managers of the copper mines had abandoned the district, that the strikers were forming in mobs, parading the streets and making demonstrations and that he feared serious trouble would result.

How Do You Buy Roofing?

If you are in the habit of asking your dealer simply for some "Ready" Roofing or "Rubber" Roofing, you will probably get a roofing that is not guaranteed, or one made by an unknown manufacturer, or one which will begin to leak a few years after it is put on your roof. You avoid all these risks, save money in the long run, and get a manufacturer's guarantee of 5, 10 or 15 years, according to thickness, backed by the best responsibility when you insist on

Certain-teed
Roofing

Why be satisfied with an unknown or poor quality roofing when you get Certain-teed for only a few cents more per square? By reason of the enormous output of our big mills—the largest Roofing and Building Paper industry in the world—we can sell this guaranteed Roofing through our dealers at a reasonable price basis.
